## What is it?

- CF is a subscription-based listing, on our high-visibility website, that will feature **ONLY** books by Christian authors.
- Listings will be linked back to Amazon, or the retailer of the subscriber's choice, for quick sales. No sales will be done on the Catch Fire website.
- The website will be promoted via Facebook ads, billboards, Google ads, radio interviews and more.

## How does it work?

By promoting a mutual website, all subscribers support each other—as well as themselves—by driving traffic to the site. More traffic=more possible sales for all.

Part of the subscription fee goes to marketing the entire page which boosts visibility for everyone.
